

## PROPOSED CHANGE OF LICENSING AUTHORITY

No.	CATEGORY A – BASIC ASSESSMENT PROCESS	No.	DRAFT REGULATIONS	CURRENT AUTHORITY	PROPOSED AUTHORITY	COMMENT/MOTIVATION
<b>Storage of Waste</b>						
1	The storage, including the temporary storage, of general waste at a facility that has the capacity to store in excess of 100m <sup>3</sup> of general waste at any one time, excluding the storage of waste in lagoons	1	The storage, excluding the temporary storage, of general waste at a facility that has the capacity to store in excess of 100m <sup>3</sup> of general waste at any one time, excluding the storage of waste in lagoons.	MEC	MEC	
2	The storage including the temporary storage of hazardous waste at a facility that has the capacity to store in excess of 31 m3 of hazardous waste at any one time, excluding the storage of hazardous waste in lagoons.	2	The storage, excluding the temporary storage. of hazardous waste at a facility that has the capacity to store in excess of 80m3 of hazardous waste at anyone time.	Minister	MEC Minister	Storage of HW in <u>containers</u> in excess of 80m3 - <u>MEC</u> . Storage of HW in excess of 80m3 <u>in any other manner</u> - Minister
3	The storage including the temporary storage of general waste in lagoons.	3	The storage of general waste in lagoons.	MEC	MEC	
4	The storage of waste tyres in excess of 500m <sup>2</sup>	4	The storage of waste tyres in a storage area exceeding 500m <sup>2</sup>	MEC	MEC	
<b>Reuse, Recycling and Recovery</b>						
5	The sorting, shredding and bailing of general waste at a facility that has the capacity to process in excess of one ton of general waste per day,	5	The sorting, shredding, grinding or bailing of general waste at a facility that has an operational area in excess of 500m <sup>2</sup> .	MEC	MEC	
6	The scrapping or recovery of motor vehicles at a facility that has the capacity to receive 5 vehicles per month.	6	The scrapping or recovery of motor vehicles at a facility that has an operational area in excess of 500m <sup>2</sup> .	Minister	MEC	MEC to authorise until an Industry Standard is put in place. Thereafter no WML is required
7	The recycling or <del>re-use</del> of general waste of more than 10 tons per month	7	The recycling of general waste at a facility that has an operational <u>area in excess of 500m<sup>2</sup></u> .	MEC	MEC	Re-use is removed and threshold changed to area and not volume
		8	The recycling of hazardous waste in excess of 500kg but less than 1 ton per	Minister	MEC	Licensed by MEC to allow for recycling operations to be processed

## PROPOSED CHANGE OF LICENSING AUTHORITY

			day.			by province Amended from Category B
8	The recovery of waste including the refining, utilisation, treatment or co-processing of the waste at a facility that has the capacity to process in excess of 3 tons of general waste or less than 500kg of hazardous waste per day, excluding recover that takes place as an integral part of an internal manufacturing process within the same premises.	9	The recovery of general waste including the refining, utilisation, or co processing of the waste at a facility that has the capacity to process in excess of 10 ions but less than 100 tons of - General or in excess of SOOK!-! less than 1 ton of hazardous waste per day, excluding recovery that takes place as an integral pan of an internal manufacturing process within the same premises.	MEC	MEC	
<b>Treatment of Waste</b>						
9	The biological, physical or physico-chemical treatment of general waste at a facility that has the capacity to process in excess of 10 tons of general waste per day.	10	The treatment of general waste using <u>any form of treatment</u> at a facility that has the capacity to process in excess of 10 tons but less than 100 tons of general waste or in excess of 500kg and less than 1ton of hazardous waste per day.	MEC	MEC	Included upper threshold for general waste and brought in HW from Category B. Allowing provincial issuing of license for HW
10	The processing of waste at biogas installations with a capacity to process in excess of 5 tons per day of biodegradable waste					Falls Away as a WMA
11	The treatment of effluent, wastewater or sewage with an annual throughput of more than 2000m <sup>3</sup> but less than 15000m <sup>3</sup>					Falls Away as a WMA (see No 17)
12	The remediation of contaminated land	11	The remediation of contaminated land.	MEC Minister	MEC Minister	General waste – MEC HW - Minister
13	The extraction, recovery or flaring of landfill gas.	12	The extraction, recovery or flaring of landfill gas.	Minister	Minister	
<b>Disposal of Waste</b>						
14	The disposal of inert waste in excess of 25 ton and with a total capacity of 25 000 tons, excluding the disposal of such waste for the purposes of levelling and building which has been authorised by or under other legislation.	13	The disposal of inert waste to land with a cumulative total exceeding of 25 000 tons, excluding the disposal of such waste for the purposes of levelling and building which has been authorised by or under other legislation.	MEC	MEC	

## PROPOSED CHANGE OF LICENSING AUTHORITY

15	The disposal of general waste to land covering an area of more than 50m <sup>2</sup> but less than 200m <sup>2</sup> and with a total capacity not exceeding 25 000 tons.	14	The disposal of general waste to land covering an area of more than 50m <sup>2</sup> but less than 200m <sup>2</sup> and with a cumulative total not exceeding 25 000 tons.	MEC	MEC	
16	The disposal of domestic waste generated on premises in areas not serviced by the municipal service where the waste disposed does not exceed 500kg per month.	15	The disposal of domestic waste generated on premises in areas not serviced by the municipal services where the waste disposed exceeds 500kg per month.	MEC	MEC	
<b>Storage, treatment and processing of animal waste</b>						
17	The storage, treatment or processing of animal <del>manure</del> at a facility with a capacity to process in excess of 1ton per day.	16	The <u>reuse</u> , treatment, processing or <u>disposal</u> of animal <u>waste</u> at a facility with a capacity to reuse, treat, process or dispose of animal waste in excess of 1ton per day.	MEC	MEC	Storage falls away as an WMA. Disposal and re-use is included. Animal manure is replaced by waste
		17	The reuse, treatment, processing or disposal of sludge from a waste water treatment or water treatment facility with a capacity to reuse, treat, process or dispose of sludge in excess of 10 tons of general sludge or any quantity of hazardous sludge per day.	Minister	MEC	
<b>Construction, expansion or decommissioning of facilities and associated infrastructure</b>						
18	The construction of facilities for activities listed in Category A (not in isolation to the associated activity)	18	The construction of facilities for activities listed in Category A of this Schedule (not in isolation to associated activity),	Activity dependent	Activity dependent	
19	The expansion of facilities of or changes to existing facilities for any process or activity, <del>which requires an amendment of an existing permit or license or a new permit or license in terms of legislation governing the release of pollution, effluent or waste</del>	19	The expansion of waste management activities listed in this schedule.	Activity dependent	Activity dependent	No longer dependent on the need for a new/amended license.
20	The decommissioning of activities listed in this Schedule	20	The decommissioning of waste management activities listed in Category A <u>or B</u> of this Schedule.	Activity dependent	Activity dependent	Includes Category B
