

NWA Clause 19

Pollution Control

Section 1

Prevention and remedy effects of pollution:

- 1) An owner of land, a person in control of land or a person who occupies or uses the land on which-
 - (a) any activity or process is or was performed or undertaken; or
 - (b) Any other situation exists, which causes, has caused or is likely to cause pollution of a water resources, must take all reasonable measures to prevent any such pollution from occurring, continuing or recurring.

Minimum Requirements for Waste Disposal by Landfill Second Edition 1998

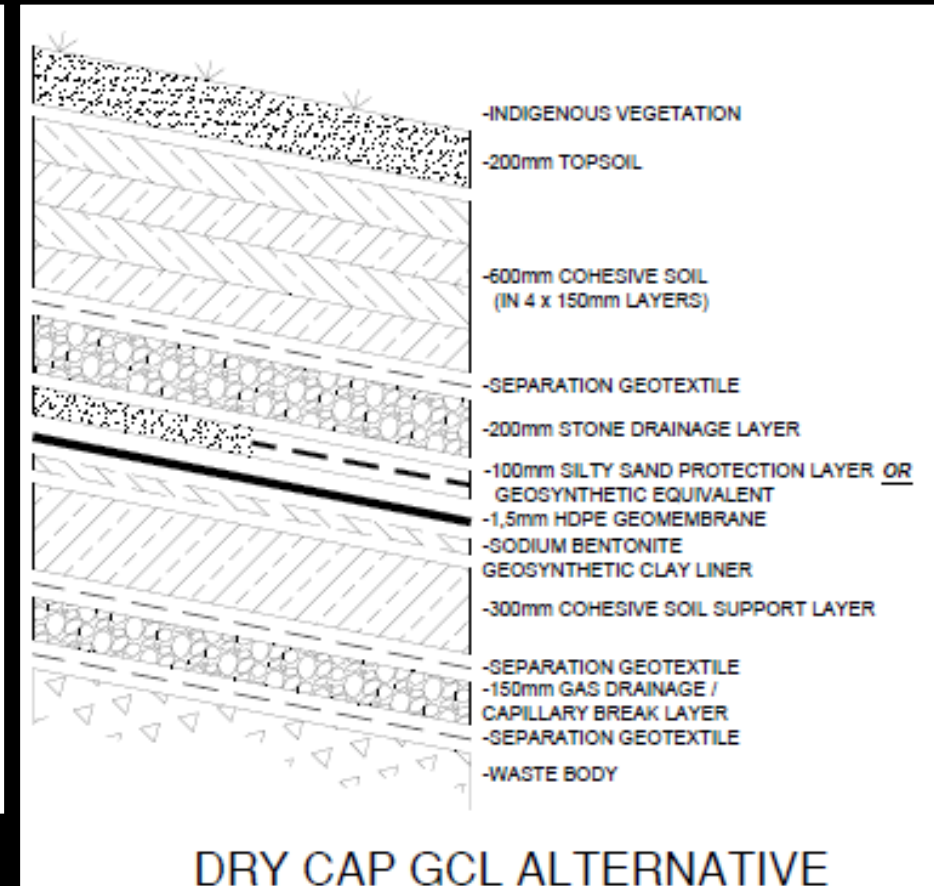

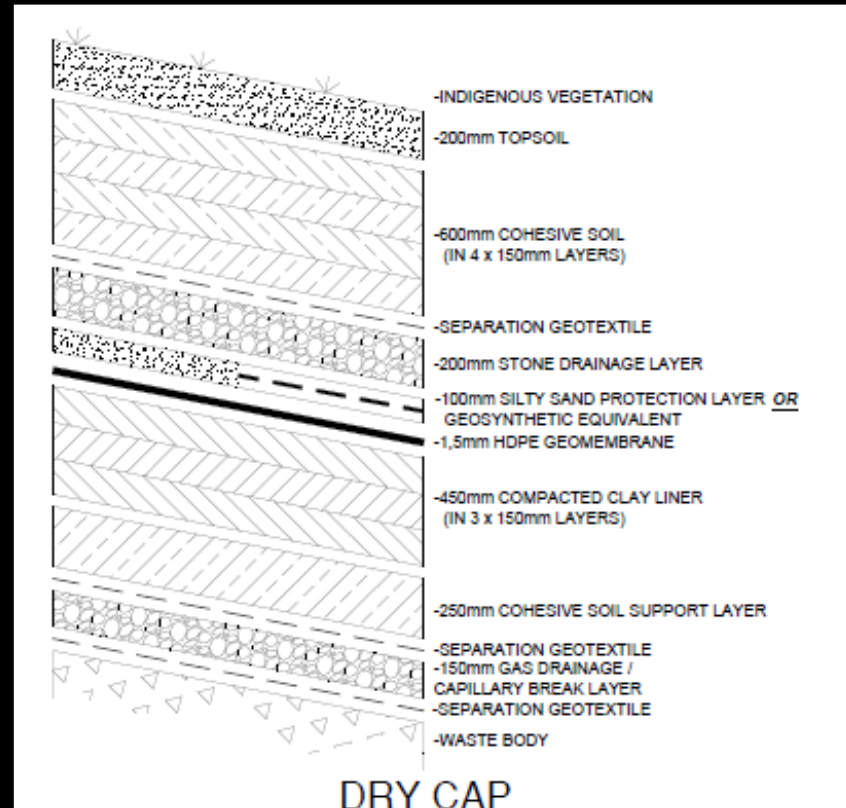

- 8.4.7 Design of final cover or capping

When comparing the capping designs with the corresponding liner design, it must be realised that the cap works in conjunction with the liner by limiting the long term generation of leachate

Closure CAPS Philosophy

- Risk to the environment / baseliner performance (Class of facility)
- Degradable or non-degradable waste
- Infiltration requirement or dry tomb approach
- Sustainability (Stability, erosion, fluid drainage, interaction of elements)
