

# Institute of Waste Management of Southern Africa

Leading authority on integrated & professional waste management

## Who are we?

The Institute, a non-profit organisation is made up of voluntary multi-disciplinary professional members and was established to promote the science and practice of waste management.

**Vision:** A clean and healthy environment

**Mission:** The IWMSA is committed to protecting the environment and people of Southern Africa through sustainable best practical environmental options.

## Exclusive benefits for IWMSA Members

We provide you with opportunities to:

- network and exchange information with experts
- debate issues at events arranged by the various branches or interest groups
- have your voice heard in the formulation of legislation
- grow professionally and in business growth
